SAME MOUNTAIN. HIGHER GROUND.

DESIGN SYSTEM — V1

CALM · HONEST · CAPABLE · QUIETLY WARM

A career change is not a restart — it's a switchback. The system reads like the product's core promise: **honest**. High contrast, no gradients faking depth, generous whitespace, pastel accents used sparingly as placement, not decoration.

Monochrome mark first — color is placement (a lime ground) never a fill on the mark itself. Never recolor, outline, or rotate the mark.

Gaps named plainly: distributed-systems depth is there; more recent Kubernetes ops experience would raise this a grade.
